PROFESSIONAL SUMMARY

Aspiring Data Analyst with hands-on experience in Python, SQL, EDA, and Machine Learning, skilled in data visualization, predictive analysis, and extracting insights from real-world datasets.

EDUCATION

B.Tech CSE (AI & ML) – 92% 2023 – Present
Seshadri Rao Gudlavalleru Engineering College

Intermediate (MPC) – 98% 2021 – 2023
Narayana Junior College

10th Grade – GPA: 10/10 2020 – 2021
Swarna Bharathi School

SKILLS

Programming : Python, SQL
Data Analysis : Pandas, NumPy, Scikit-learn, EDA
Visualization : Matplotlib, Seaborn, Excel
Tools : Jupyter Notebook, VS Code, GitHub

INTERNSHIPS

MERN Stack Intern – SmartBridge May 2025 – Jul 2025
- Built REST APIs and worked on MongoDB integration using MERN stack.

Java Developer Intern – Elevate Labs Sep 2025 – Nov 2025
- Worked on Core Java development tasks and received Best Performer award.

CERTIFICATIONS

- Deloitte Data Analytics Virtual Experience – Forage (2026)
- Tata iQ GenAI Data Analytics Simulation – Forage (2026)
- IBM SkillsBuild – AI Fundamentals (2025)

PROJECTS

- **Startup Funding Analysis** – Performed EDA on 3000+ startup funding records to identify investment trends and top investors.
Tech Stack: Python, Pandas, Matplotlib, Seaborn.
- **Area Safety Analysis** – Built a machine learning model to predict area safety levels using EDA and classification techniques.
Tech Stack: Python, Pandas, Scikit-learn, Matplotlib.
- **GestureX – AI Touchless Control** – Developed an AI-based gesture recognition system for touchless mouse and presentation control.
Tech Stack: Python, OpenCV, MediaPipe, NumPy.

EXTRA-CURRICULAR ACTIVITIES

- Secured 1st place in AVISHKAR - 2026 National Level Hackathon.
- Completed a Data Science & AI workshop with a hands-on ML mini-project.
- Actively involved in college technical events and team projects.
